Patient here today for follow up with Dr. Dalwadi. During visit, patient mentioned issues regarding assistance with medication management from post hospital stay at UHS. Nurse tried to get pt into MMP at UT but insurance is not accepted within the UT system. Nurse reached out to CM at UHS for Oncology Transitions of Care (Sabrina Bustamante). CM to reach out to pt to coordinate outpatient care. Nurse provided pt's family with CM's office number as well. ER precautions given to pt and family as well, if any symptoms were to arise.
